## WORK EXPERIENCE

---

### 11/2011 – 06/2012: R/GA Media Group

Front-end software developer for digital interactive advertisements. I worked for the McCormick division, doing the front end for standalone and Facebook campaigns, and visualization tools for the analytics team.

<http://www.rga.com/>

### 06/2008 – 10/2011: Manas Technology Solutions

Software developer in diverse platforms, specializing in building dynamic web 2.0 applications. The job involved both back end and front end development, but was more focused on the former. The company's principal clients were InSTEDD and LatinSpots.
